MORE POULTRY AND PIG CLUB MEMBERS AT FAIR THIS YEAR

Eighteen Registered Porkers Made Average Gain of 192.8 Pounds During Contest Period—Special Prizes for Grain Sorghums and Peanuts Must Await Harvesting of Crops.

Exhibits at the Count Fair by members of the boys and girls poultry and pig clubs were more numerous than last year. The other club exhibits were of superior quality, but were cut somewhat short by the dry weather.

There were eighteen registered pigs on exhibit that weighed on an average of 70 pounds at the beginning of the contest period in February. They made an average gain of 192.8 pounds.

Carroll Nix, who won first prize on Duroc Jerseys, paid \$25 for his pig February 1. It weighed 90 pounds. On September 5 the animal weighed 440 pounds. Counting the time and cost of feed Carroll was out \$28.98, making the total cost of the porker \$53.98. The hog was bought by Daniel Bond for \$100. Carroll received in premiums \$27.50, making a total of \$127.50, which gives him a net profit of \$73.48. It is fair to say, too, that the price of \$100 was not a particularly fancy one. If the hog had been sold on the market it would have brought \$88.

Oscar White won first prize on Poland China pigs. He paid \$25 for his pig January 24, and it weighed 81 pounds. Its weight September 5 was 400 pounds. Owing to the fact that Oscar had a pasture in which the porker could run he was at less expense for feed and labor of caring for it than Carroll Nix. He was out in labor and feed only \$19.54, making the total cost for the prize winner \$44.44.

A. M. Bourland paid him \$75 for his hog, and his prize money was \$17.50, so that Oscar's net profit was \$47.56.

Following is a list of prizes on hogs: Duroc-Jersey—Carroll Nix, Vernon, first, \$75.00; Ray Nix, Vernon, second, \$5; Oran Hurdleson, Thalia, third, \$3; Poland China—Oscar White, Vernon, first, \$75.00; James Hughes, Tolbert, second, \$5; Alvan Casey, Thalia, third, \$3.

Bruce Reed Wins on Baby Beef.

Daniel Reed offered a special prize of \$15 for the best Duroc Jersey and the principal of the East Vernon School offered a \$5 War Certificate, both of which went to Carroll Nix. Lon Alexander of Childress offered a special prize of \$10 for the best Poland China, which was won by Oscar White.

Bruce Reed of Vernon won the first prize of \$7.50 on baby beef; H. Price won first prize of \$3 on corn; Alvin January of Tolbert, route 2, and Emmet Madden, route 2, Vernon, Vernon, won first and second on peanuts. On feterita Earl Madden of route 2, Vernon and Earl January, route 2, Tolbert won first and second. Ennis Hughes, route 2 Tolbert, and Walter Kohl, route 4 Vernon, won first and second on milo maize. The prizes in each case were \$3 and \$2, respectively. Earl Madden won \$3 on kaffir and Walter Kohl won 3 on hagaria.

The special prize offered by Dixon Dry Goods Company for the best yield of grain sorghums, which includes kafir, milo, feterita and hagaria, and the special prize offered by the Chamber of Commerce for peanuts cannot be paid until these crops are gathered. As persons harvest these crops they are requested to turn in to N. R. Tisdal, county demonstrator, their record books, and when all are in the prizes can be announced.

Lila Alred Wins on General Display.

Among the first year girls on general display, Lila Alred won first prize and Alice Martin won second prize, of \$7.50 and \$5, respectively. Eva King, Eloise Gafford and Christine Gregory were given honorable mention. Leslie King and Luna Killingsworth won first and second prizes of \$7.50 and \$5, respectively, among second year girls.

Honorable mention for work in poultry growing was given Carolyn Sherman, Mayne Smith, Eunice Reeves, Irene Reeves, Marven Wilson, D. Truett, Fred Nix and Jennie Belle Oglesby.

The following special prizes were given:

EXHIBIT OF WEST VERNON AWARDED COUNTY FAIR PRIZE

Jackson Springs Is Second and Bourland Consolidated Third Among Community Booths—More Than 4,500 People Passed Through Gates Saturday—Individual Premiums.

It is estimated that 4,500 people paid admission to the County Fair Saturday. Inclement weather Friday prevented carrying out the program, as announced, and no admission was charged.

The carnival company was sidetracked by order of Uncle Sam, to help relieve freight congestion, so that feature was missing. However, since no charge was made for occupying the grand stand or witnessing the races few seemed to miss the entertainers. Music was furnished both days by the Frederick, Okla., band.

Community exhibits were high class, and persons who had doubted the advisability of trying to hold an exposition because of continued dry weather admitted the heartening effect, following a fine rain, upon the people of witnessing A-1 exhibits of cotton, melons, vegetables, fruits, and grain crops. There were fewer exhibits than a year ago, but they were equally good.

With seventy different varieties of garden and field crops, fruits, etc., West Vernon won the first prize of \$100 offered on the best community exhibit in the agricultural department.

Jackson Springs won the second prize of \$50, and the third prize of \$25 went to the Bourland Consolidated school district. Lockett was awarded fourth place, but no money was offered on the fourth prize.

The exhibits were judged on general arrangement, variety and quality. West Vernon scored 100, Jackson Springs was given 88 1-3 points, Bourland 78 1-3, and Lockett 66 1-3.

The West Vernon exhibit contained seventy different kinds of vegetables, garden and farm products. The Jackson Springs booth contained sixty-six.

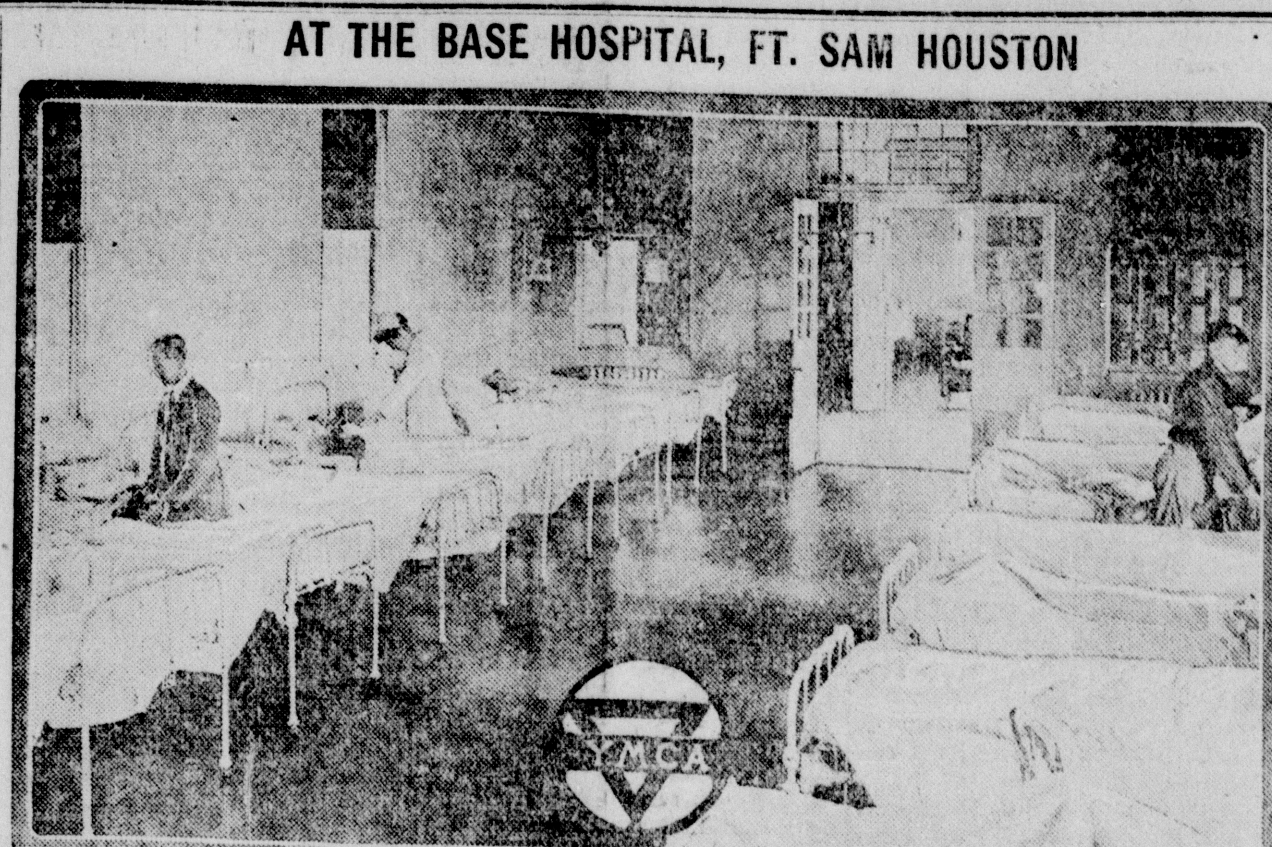

No prizes were offered on individual entries. One booth, however, was filled with various articles of farm, garden and orchard products. C. R. Dale, J. E. Lutz, T. R. Oliver, J. V. Ramsey, T. B. Priddy, Royal Duke, W. C. Landry, J. H. Ayres, Jim Callahan, Mrs. Harry Mason, N. A. Lipscomb, F. Schur, Otto Olenhous, H. P. Parker, W. B. Morgan, Selma Haseloff, Jr., J. E. Collins and other citizens of the county placed items in this display.

The maize heads and few items in the West Vernon booth were sold for \$2.40 and the money contributed to the Red Cross.

The exhibits of culinary products were extensive, although most of them came from women living in Vernon. It is thought by the directors that delay in getting out the premium list made it difficult for women living in the county to get ready exhibits for this department.

Where two names appear in the following list of winners in the culinary department, first and second prizes were awarded in the order named; graham bread, Mrs. Joe Napier; ginger bread, Mmes. C. M. Blair and S. E. Lloyd; six doughnuts, Mmes. C. M. Blair and Howard Lisman; cinnamon rolls, Mmes. M. G. Neathery and N. R. Heath; light rolls, Mmes. Joe Napier and M. G. Neathery; Boston brown bread, Mmes. C. J. Farrell and Joe Napier; spice cake, Mmes. J. H. Watts and C. J. Farrell; chocolate cake, Mmes. F. L. Massie and R. V. Parr; coconut layer cake, Miss Nelle Pettit; devil's food cake, Miss Nelle Pettit; potato cake, Mmes. M. G. Neathery and C. J. Farrell; ginger cookies, Mmes. S. E. Lloyd and C. M. Blair; oat meal cookies, Mrs. C. J. Farrell and Miss Lucile Samuels; pumpkin pie, Mmes. C. M. Blair and M. G. Neathery; sweet potato pie, Mrs. C. M. Blair.

Dewberries, Mrs. J. H. Pettit; plums, Mrs. J. H. Watts; peaches, Mmes. Harry Mason and J. H. Watts; tomatoes, Mmes. J. H. Watts and Harry Mason; beets, Mmes. M. G. Neathery and J. H. Pettit; green beans, Mmes. J. H. Pettit and M. G. Neathery; green peppers, Mrs. J. H. Watts; squash, Mrs. M. G. Neathery; turnip greens, Mrs. M. G. Neathery; spinach, Mrs. M. G. Neathery; black-eyed peas, Mmes. N. R. Tisdal and J. H. Pettit; sweet po-

Clean white beds, the very best of attention from the surgeons and nurses, and plenty of cheer-up consideration from the Army Y. M. C. A. secretaries make confinement at the base hospital as attractive as illness or injury in the fact that their boys are not being neglected. The "Y" man supplements the regular ministrations of the military and the Red Cross with frequent and regular visits, bringing books, writing the patient's letters, and complying with his every wish as it is possible for him to do so. The Y. M. C. A. secretary in the picture is making his regular afternoon visit at the base hospital, distributing books to the soldiers.

When the soldiers reach the convalescent period, the "Y" furnishes movies, entertainment, and music for the convalescing soldiers.

FORMER VERNON BOY IS DEAD IN FRANCE

ED JOHNSON WAS MEMBER OF AMBULANCE CORPS IN 36TH DIVISION.

Ed Johnson, formerly of Vernon, is dead in France. Advice to this effect was received Saturday. Mr. Johnson was a member of an ambulance corps in the 36th Division, and lived in Waco. He was a son of the late W. E. Johnson, and was well known to persons who had lived here for some time.

Mrs. O. T. Youngblood, sister of the boy who has made the supreme sacrifice, went to Waco Saturday night to be with her mother. Her husband, O. T. Youngblood, came from Paducah to Vernon with his wife, who took the train here. His father, T. J. Youngblood, drove the son in his automobile to Quannah yesterday morning, as the young man was required to return to Paducah.

Mr. Johnson was a nephew of Mrs. C. T. Sullivan of Vernon.

It is not known whether he was killed during a battle or by accident. Information received merely states that he is dead as the result of gun-shot wound.

MISS REED TO STUDY NURSING.

Young Woman Who Has Lived in Vernon Past Seven Months Goes to Galveston Tonight.

Miss Gillespie Reed leaves tonight for Galveston, where she goes to take up the study of nursing. She is going under auspices of the Red Cross and in response to a call for trained nurses. The course will require three years for completion.

Miss Reed came to Vernon about seven months ago, and has been cashier for Dixon Dry Goods Company. She lived in California before coming here. Miss Reed is a niece of Harper Reed, and has made many friends in Vernon. Their best wishes will go with her.

Josephine Thomason Buried Here.

Funeral services of little Josephine Thomason were held Sunday afternoon at the home of Mrs. O. L. Cardwell, grandmother of the child. Rev. H. M. Long was in charge. Josephine was two years old, and died Sunday morning at her home in Electra. She was a daughter of Mr. and Mrs. Ray Thomason, who formerly lived in Vernon. Mother and father accompanied the remains here. Interment was made in East View Cemetery. The record joins friends in extending sympathy to the bereaved loved ones.

Planting Turnips Around Tolbert.

W. R. Phillips of Route 2, Tolbert, was in Vernon yesterday. Mr. Phillips says that people in his community are all planting turnips. He thinks there will be a considerable acreage of rye or wheat planted for fall and winter pasture.

SCHOOL OPENS HERE IN NEW AUDITORIUM

SUPERINTENDENT SISK SAYS RE-MODELED SCHOOL BEST WORK-SHOP HE HAS SEEN.

Vernon schools were formally opened at 9 o'clock yesterday morning in the new auditorium of the High School. There are 224 seats in the room, and Superintendent B. F. Sisk says that he expects all to be taken within the next fortnight.

On the platform with school officials sat R. B. Sherrill and J. A. Dixon, representing the school board, Mayor Harry Mason and J. A. King of the city government. Mayor Mason stressed the importance of going to school. Referring to the fact that we call the man who fails to do his duty a slacker, the mayor declared that the boy or girl who fails to go to school is a greater slacker.

E. L. Wittig congratulated the pupils on their workshop, and Superintendent Sisk said that the remodeled High School is the most conveniently arranged workshop he ever saw in a city of any size. Principal W. G. Shipp talked to the pupils about their work, after which new teachers were introduced. There were only two, Miss Ruth Bickle and Miss Blanche Groves.

Classes were started today. It was announced that persons desiring to study typewriting would have to furnish their own typewriters, which will be taken care of. Commercial subjects are open only to juniors and seniors.

So far there is no boy in the senior class. Young men who would have been seniors have gone to college under the selective service act.

LUTZ BUILDING IS DAMAGED BY BLAZE

PROMPT ACTION OF FIREMEN PUT OUT FLAMES QUICKLY LAST NIGHT.

Prompt action by the volunteer fire department last night prevented what threatened to be a very destructive fire. A little after 11 o'clock a lighted match was dropped in a pile of excelsior in the Corner Drug Store. Immediately the flames spread, and the room was full of smoke by the time the fire fighters arrived.

Water and chemicals were used in extinguishing the flames, which burned their way through the ceiling and were eating away on the rafters of the second floor of the Lutz building. The store was closed this morning, and it was impossible to ascertain the amount of damage to stock. The loss to the building was small.

Has Restaurant at Burk Burnett.

H. H. Anderson and B. D. Hockersmith have opened a restaurant at Burk Burnett, and Mr. Anderson is conducting it. Mr. Hockersmith is in charge of the City Bakery in Vernon.

CITY DIRECTORY IS BEING DISTRIBUTED

NAMES OF OFFICERS, TAXPAYERS AND BUSINESS MEN ARE GIVEN.

E. A. Scott of the Hudspeith Directory Company of El Paso was in Vernon yesterday distributing copies of the new city directory. The book contains 192 pages and is well bound. It contains a general directory of the citizens of Vernon, business and professional firms and corporations. There is a street directory, a complete record of the State government, including the names of members of the legislature and the county officials of the State.

The directory also contains a list of the churches, educational institutions, secret and benevolent organizations of Vernon; also a complete classified business directory. There is a list of taxpayers in Wilbarger county, outside of Vernon.

The names of 2,250 persons living in Vernon appear in the directory.

COTTON TO LOCAL COMPRESS.

Closing of Plants in Southwest Oklahoma Will Increase Product Handled in Vernon.

The Vernon plant of the Interstate Compress Company will handle more cotton than was at first anticipated this year, as a result of the closing of a number of plants in Southwest Oklahoma. N. B. Hodge attended a meeting of representatives of the company in Fort Worth Friday and Saturday.

Mr. Hodge says that the compress at Wichita Falls will operate. He is not sure about the one at Quannah. However, the chief benefit to Vernon will be in the sending of cotton here from Southwest Oklahoma. Seven or eight compresses will not operate.

Notice Fargo Men.

Men of the Fargo community who are required to register for military service will register at the Woodman hall, Thursday, instead of at the schoolhouse, as previously announced. H. E. Key, who has been named chief registrar, made this change to meet the convenience of the larger number of men.

Life Insurance Men Here.

C. B. Johnson, F. F. Phillips and L. C. White, from the state headquarters of the California State Life Insurance Company at Amarillo, arrived here yesterday to spend a few days on business. C. T. Herring accompanied them and will remain here a few days, looking after business interests.

Mrs. Patton Has Brown Leghorns.

The names of breeders of fine poultry in Wilbarger county, being compiled by The Record was augmented this week when Mrs. John Patton reported that she has a flock of thoroughbred Brown Leghorns. Wm. Blackwood has Rhode Island Reds and Barred Rocks.

HOLLAR IS ELECTED DIRECTOR GENERAL OF SCHOOL LEAGUE

Practically Every Teacher in County Pledges to Organize for Interscholastic Contests to Be Held at District Meet in Vernon—Sixty-Four County Teachers Attended Institute.

Practically every school in Wilbarger county will have membership in the county interscholastic league this year. This statement is based on action taken at the county teachers' institute held last week. Friday a league was formed and the teachers pledged themselves to perfect organization in their individual schools.

Professor L. A. Hollar was elected director general of the league. Other officers are: Miss Theresa Hazard, director of declamation; Miss Minnie Turner, director of essay writing; R. M. Holt, director of athletics; Miss Susie Scott, director of spelling.

Vernon is headquarters for a district including eleven counties in the State Interscholastic League, and Professor W. G. Shipp, principal of the Vernon High School, is chairman. The Interscholastic League of the University of Texas now has a membership of more than 2,300 public schools.

Sixty-four teachers employed in Wilbarger county schools attended the teachers institute which closed Friday afternoon. Vernon teachers also attended. It was a joint institute of county and city teachers, and was conducted by County Superintendent L. A. Hollar and Superintendent B. F. Sisk of Vernon.

Following is a list of teachers from the county, who attended:

Mr. and Mrs. Roscoe Luce, Jackson Springs; Mr. and Mrs. A. J. Carpenter, Haney; Miss Ellen Hix, Guggisberg; Miss Mary Weatherall, Paradise; Miss Minnie Turner, Wildcat; J. P. Smith, Plainview; Miss Effie Couch and Edna Stephens, Thompson; Mrs. A. B. SACRED HARP SINGING SUNDAY.

Plans All Made for Meeting in Baptist Tabernacle at Vernon September 15.

Plans are all made for the Sacred Harp singing to be held in Vernon Sunday morning at the singing will be held and to urge local people to turn out. A large crowd from the county is expected.

Local ministers are requested to announce to their congregations Sunday morning that the singing will be held and to urge local people to turn out. A large crowd from the county is expected.

Some had understood that the singing was to be in Odell. The committee calls attention to the fact that it is the new Baptist Tabernacle in Vernon. Persons having copies of Sacred Harp are asked to bring them.

REGISTER THURSDAY OR SERVE YEAR IN PRISON IS DECREE

Selective Draft Plans for Classifying Men Between 18 and 45 Years, Inclusive, Complete—Only Those Already Signed Up or in Some Branch of Armed Service Excused.

All men in Wilbarger county between the ages of 18 and 45 years, respectively, will be registered for military service under the selective draft next Thursday between the hours of 7 a. m. and 9 p. m.

Only those who have already registered and those already enlisted in some branch of the armed service of the United States will be excused from registering. This applies alike to citizens of the United States, and aliens, whether enemy, neutral or friendly. No excuses will be accepted and failure to register will subject the offender to imprisonment in a Federal penitentiary.

Men who are sick and unable to present themselves for registration should have some person notify the board of that fact and instructions will be given for registering such a man.

Men who will be outside the jurisdiction of their local board on registration day may send their registration card by mail so that it will reach the local board not later than the day set for registration.

There are quite a number of Mexicans employed on the farms and ranches of the county, and their employers are warned to have them register if they come within the new draft ages. The fact that they are citizens of Mexico will not excuse them from registering. It must be borne in mind that all men within the new ages must register, regardless of their citizenship.

All men who will have attained their eighteenth birthdays on September 12th and who have not attained their forty-sixth birthdays are required to register. Those who are in doubt as to their exact ages should obtain the necessary information before registration day. Ignorance will not excuse any man for failure to register if he comes within the age limits—18 to 45, both inclusive. In this connection it would be well to remember that a man is still forty-five years of age until he actually attains his forty-sixth birthday.

Wildcat News.

Wildcat, September 9.—(By special correspondence.)—Wilbur Luttrell of Harrold visited his brother, I. G. Luttrell, this past week.

Miss Ben Smith visited her uncle, W. H. Stroud of Doans, Saturday night and Sunday.

At the Thursday meeting of the Red Cross Auxiliary our quota of the edibles to be used by the Red Cross at the County Fair was quickly raised. We furnished eighteen chickens, six pies, two pounds of butter and five pounds of sugar. Our Auxiliary has only ten members. Mrs. J. L. Burk, Mrs. G. W. Hildebrand, Mrs. I. G. Luttrell, Mrs. Nunn, Misses Beniah Burk and Vesta Mae Low worked in the stand Saturday morning.

Mr. and Mrs. John Patton started to Tulsa, Okla., yesterday morning. Mr. Patton will put in a grain crop there this coming year. He says plenty of work is to be found in the oil fields at Tulsa.

Mr. and Mrs. George Upshaw, Mr. and Mrs. J. L. Burk and family, Mr. and Mrs. More and family and Mr. and Mrs. Virgil Hildebrand, Misses Magde and Ada Hildebrand and brothers, Frank and Tut, visited Mr. Warren Gould and family Sunday.

At Sunday School, Sunday morning the school patrons decided to put the commencement of the school off for three weeks or a month, yet.

Burford Luttrell will start to Vernon High School Monday.

Mr. and Mrs. G. W. Hildebrand have received a letter from their son, Joseph. He wrote he had been on the train a day and night then and was not out of Texas. He was on his way to Camp Wheeler in Georgia.

Oscar Burk is now out of the hospital and back with his company at Camp McArthur. He wrote they had had a fire in Waco, burning some of the infantry buildings and part of the Cotton Palace. When the Palace was burning a part of the wild animals got out and gave the keepers quite a chase getting them back again.

Mr. McMahan is now at work in a dry goods store in Burkburnett. Before moving here from Sadler, he

owned a dry goods store, which burned. He and his family like this county best.

Our farmers will begin preparing land for wheat at once. The present season is not enough to insure a wheat crop.

T. Oliver's eyes are giving him quite a little trouble.

Mr. Sullivan has just completed the addition of another room to his farm-house out here. This is greatly appreciated by Mr. and Mrs. Oliver, who live on the place, also by the community as it assures us Mr. and Mrs. Oliver will be with us another year.

15 MEN REGISTERED AUGUST 24 IN CLASS I

SEVEN GIVEN DEFERRED CLASSIFICATION AND ONE QUESTIONNAIRE OUT.

Fifteen of the twenty-three men who registered under the Selective Service Order on August 24 in this county have been placed in Class I. One is in Class III, four in Class IV, two in Class V, and one man has not yet returned his questionnaire.

Since all of the Class I men who had previously registered in Wilbarger county have been sent to training camps, it is likely that the men just classified will be called at an early date.

The number printed before the names below is the serial number, while that coming after the names is the order number. The Class I men are: 122 Frank James Kirk, R. 1, Chillicothe, 1; 114 Homer E. Wilson, Vernon, 5; 112 Rester Arley Brooks, R. 3, Tolbert, 7; 131 Geo. Dewey Drake, R. 3, Tolbert, 8; 123 John Jokel, Vernon, 9; 120 Hugh E. Starnes, Oklaunion, 10; 116 John Emmett Truelove, Vernon, 11; 110 Francis Edgar Budd, Vernon, 13; 124 Vallie Jobe, R. 1, Oklaunion, 14; 127 Henry Albert Emil Haseloff, R. 2, Vernon, 15; 126 Clarence Dallas Haney, R. 1, Thalia, 16; 111 Claude Britt, Vernon, 18; 115 John Wallace Waldrif, R. 1, Chillicothe, 19; 121 Harlie Howard Rogers, R. 1, Harrold, 21; 118 Bright Snell Thomas, Vernon, 24. The following men are in Class IV: 130 Earl Eliston, R. 1, Harrold, 2; 113 Fred C. Premier, R. 1, Thalia, 4; 128 Reinhold Harrold, 22. The Class V men are 119 Harrold, 22. The Class V men are 119 James Charlie Smith, Vernon, 6; and 129 Herbert Richard Evans, Oklaunion, 17. Walter Raleigh Hooper, Vernon, serial No. 125, order No. 3, was the only Class III man.

The questionnaire of Lacy Thomas, Vernon, has not been returned.

DISTRICT AGENCY FOR MISS MADDOX

HOME DEMONSTRATION WORKER RESIGNS TO TAKE UP WORK IN LOUISIANA.

Miss Mary Sue Maddox, home demonstration agent for Wilbarger county for the past eighteen months, has resigned her position, effective Saturday, and will become district agent for ten parishes under the Louisiana Agricultural and Mechanical College. Her headquarters will be at Baton Rouge, La.

Miss Maddox expects to leave Vernon Sunday and spend a few days visiting relatives at Weatherford, her former home, before going to Baton Rouge to take up her new duties.

Miss Maddox began her work in Wilbarger county March 1st, 1917, coming here from Weatherford after a service of three years with the girls' club work in Parker county. She introduced the work here, and, notwithstanding the late start, she enrolled 181 girls in the club the first year. This was considered a splendid record, under the circumstances, but this year she enrolled 419 girls, placing Wilbarger among the leading counties in Texas in the girls' club work.

In the first year's work in Parker county, Miss Maddox succeeded in interesting only 67 girls, and her rolls showed less than 300 members the third year of the work there.

The work of Miss Maddox in Wilbarger county will result in untold good in this section. Her activities have not been confined to the girls alone. Whenever and wherever the opportunity offered she organized home economics clubs among the women. Numerous demonstrations in war-time cooking have been given, and in this way the benefits of the home demonstration work have been as nearly as possible carried into every home in the county.

This summer, with the co-operation of the Chamber of Commerce, Miss Maddox has operated a community canner. Vegetables, fruits and meats have been canned for the people at actual cost. This service has heretofore been confined to the more populous counties of the state.

Miss Mary Jessie Stone, district agent for Northwest Texas in the home demonstration work, will be here tomorrow and will announce a successor to Miss Maddox. Miss Ohmie Wilcox has been assistant to Miss Maddox for several months and will probably be named to have charge of the work in Wilbarger county.

Miss Maddox is regarded as perhaps the best home demonstration agent in Texas, and the people of Wilbarger county will regret to lose her services. Her new position came as a promotion and she felt that she could not decline the offer.

Thalia News.

Thalia, Sept. 4.—(By special correspondence.)—A heavy rain fell here last night and this morning, and it is still raining.

The gin began ginning last week. A good many bales have been turned out. Cotton in this country is better than people expected.

The Christian meeting began Saturday night.

The Baptist Red Fork Association met at this place last Tuesday night, and closed Friday. The church was crowded each day with delegates, members and visitors. We had with us a Camp pastor, who gave us a fine lecture on the work he had been doing among our soldier boys.

Harrold News.

Harrold, Sept. 9.—(By special correspondence.)—The rain we were so fortunate in getting last week put a good season in the ground and the farmers are taking advantage of it in preparing for their fall crop of wheat.

Mrs. E. R. Watkins has resigned as a teacher in our school and has accepted a position in the Duncan, Okla., school. The vacancy will be filled by Miss Hazard.

Mrs. J. L. Showers, who has been very ill for the past week, is reported some better.

Mr. and Mrs. Jess Leverett, accompanied by Mr. and Mrs. R. P. Burgess, left for Wheeler County Tuesday to visit relatives.

Mrs. Lessie Watkins left Friday afternoon to join her husband who is in training at Fort Sill, Okla.

Emmit Huffman, who is an employee in the Burk Burnett oil field, was in town Thursday afternoon.

Harvey Allen was in Electra Friday. Mrs. H. A. Stroud and little daughter, Elizabeth, returned to their home in Electra Tuesday.

A. R. Crawford was in Vernon on business Wednesday.

Misses Pattie, Rosa and Cash Burgess attended the Fair at Vernon Friday.

Mrs. Arthur Watkins was in Electra shopping Wednesday.

Mr. Hammer of Chillicothe has returned to his home, after a short visit with his son, A. T. Hammer.

Mrs. McFulson is again in Harrold spending a few days with relatives.

Oscar Havens was in Burk Burnett on business Monday.

Mr. and Mrs. Gil Little and Miss Mary Cobb were among those who attended the fair at Vernon Friday.

R. Cobb was in Vernon Thursday.

J. T. Cameron transacted business in Burk Burnett Saturday.

J. L. Showers was a Vernon visitor Monday.

Geo. King, son of Dr. J. C. King, had the misfortune to break an arm Saturday afternoon while attempting to crank a Ford car.

Mr. and Mrs. A. L. Minnick of Burk Burnett were visiting at the Rook home Sunday.

Rev. Tooley filled his regular appointment here Sunday and Sunday night.

Marriage licenses were issued Friday to John R. Cox, and Mrs. Nannie Henry, both of Tolbert, and Saturday to Sam Wilkinson, and Miss Ruby Cochran; Renard Looyengood, of Call Field, and Miss Marie Frost, of Toledo, Ohio.

J. T. Cardeillac returned from Chillicothe yesterday where he went Saturday to arrange his personal affairs preparatory to taking up his work with the Vernon Cotton Oil Company as mechanical engineer.

Tolbert News.

Tolbert, Sept. 8.—(By special correspondence.)—Everybody is rejoicing over the recent good rains and also over the cool pleasant weather that we are now having. The rains came too late to benefit anything except very late cotton, but will cause the grass to grow and put the ground in fine shape for sowing fall wheat.

Most people have sowed a turnip patch. Quick growing vegetables such as turnips, radishes, mustard and lettuce have plenty of time to make before freezing weather as they are not affected by an ordinary frost. People should also plant shelled for early spring eating.

Rev. Hudson filled his regular appointment at the M. E. Church Sunday morning.

Rev. Agee preached at the Baptist Church Sunday afternoon at 4 o'clock.

John R. Cox and Mrs. Nannie Henry surprised their many friends by getting married last Friday. We wish this happy couple, who are old in years, but young in heart, many more happy useful years.

Mrs. T. L. Taylor of Bisbee, Ariz., is visiting at the home of her parents, Mr. and Mrs. W. R. Rice.

Mr. and Mrs. W. R. Rice have had a letter from their son Frank Rice, of the 36th Division in France, telling of his safe arrival across the sea. He writes that he is very well pleased.

Mr. and Mrs. H. L. Porterfield, of Oklaunion, spent the week end at the home of Mr. Porterfield's parents, Mr. and Mrs. S. L. Porterfield.

Misses Winnie and Velma Porterfield will leave Friday for Dallas where they will enter the Southwestern University for the coming term.

Jack English who has been operated on for appendicitis is reported to be getting along nicely.

B. F. Johnson who has been suffering from an acute attack of rheumatism is reported better.

A large crowd of young people met at the home of Mr. and Mrs. J. W. Dockery last Tuesday evening where they were entertained by music and games, after which, a delicious course of ice cream and cake was served. The occasion was to honor the departure of their son Ethridge and Rufus Kitchen. Ethridge left Wednesday for Camp Mabry where he will take mechanical training in the aviation corps. He had the misfortune of losing his suit case which held his clothes and other valuables while en route to his destination. Presumably it was taken by mistake, as the one left in its place was of no value.

Captain C. W. Presnall, of the Medical Reserve Corps, who enlisted from Trinidad, Colo., and served for six months on the Western front, and who has been sent back to the "States" to recuperate, visited his mother, Mrs. M. J. Umberson and his sister, Mrs. B. C.

Wood at this place last Saturday. Captain Presnall spent the year that he was overseas in France, and speaks highly of the French people. He says that they all work and live on one-half what we American people live on and yet have plenty, and that it would take ten years of the present war conditions for us to realize the war conditions that they exist over there.

The raising of the railroad dump has given employment to a large number of our men and boys for the past four or five weeks.

Elliott News.

Elliott, Sept. 10.—(By special correspondence.)—Fred Raines and Melvin Sperlock went to Wichita Falls Saturday, where the latter joined the ship-builders.

The farmers of this community are now picking their cotton. The yield is light. E. Licklighter expects 12 bales of cotton from his 40 acres.

A. F. McCain, a well known farmer of this community, is now working at Burk Burnett. Mr. McCain purchased a new \$325 Indian Motorcycle at Wichita.

Rev. J. W. Morgan, pastor of the Bethel church here, has moved to Davidson, Okla.

Rev. J. C. Clement is visiting here from Wellington. Bro. Clement says there are fine crops on the plains.

A good rainfall here last Monday.

C. T. Waggoner, F. H. Steinman, and F. C. Floyd were summoned on the jury last week.

Amos Bates came home from Electra last week. Mr. Bates has been ill for the last few days.

A PLATFORM WITHOUT ISSUES.

The platform adopted by the state Democratic convention at Waco last week left much to be desired, it seems to The Record. It dealt in generalities, and was thus a document to which few could object. It was specific in recommendations to the Legislature on both the prohibition and suffrage questions. Under the circumstances the platform was as much a commendation of what had already been accomplished, as it was a recommendation for future action, since women suffrage and state-wide prohibition are already effective in Texas.

So nearly settled are these two questions that they are no longer debated.

With reference to education, the platform dealt in abstractions. There is no serious opposition to providing adequate educational facilities in Texas. It is only when we come to the application of methods that issues arise. The same is true with reference to the declaration in favor providing money at a low rate of interest to farmers.

The desirability of such a step will not be questioned, but the convention stopped short of even suggesting a way to make this declaration operative. Any well informed person knows that the Homestead Law in its present form is one of the chief obstacles in the way of farmers getting cheap money, but the convention avoided an expression of its judgment as to how cheap money is to be obtained for Texas farmers.

As reflected in the platform, the Democrats of Texas seem woefully lacking of political timber. And yet the state never faced greater issues than some which confront us at this time. A great portion of the commonwealth is suffering from a drouth of unprecedented severity. Thousands of Texas farmers have been compelled to abandon their homes. We are in the throes of the most titanic war of history. With the labor supply depleted to fill the ranks of the army, we have economic questions of grave importance that must be solved if Texas is to develop as she should and is to carry her part of the war burden.

To sum up the platform, it seems that the convention desired harmony above all else, and was willing to buy it by the sacrifice of duty. The Waco platform is broad enough for anybody to stand on. It challenges nobody and raises no issues. In this respect it is a wonderful place of political literature.

No thing of larger importance to Wilbarger county has been secured than permission to sell the highway improvement bonds in District No. 1, and no time could have been more auspicious. That important artery of travel from Oklaunion to Vernon needs to be permanently constructed and it is promised work will begin quickly. At this time it will benefit hundreds who must have employment. While the expenditure of money on public works when every muscle is strained to win the war can not be encouraged promiscuously, but the importance of this is attested in that it received approval of the Government commission appoint-

ed which undertakings were vital to the war-time efficiency of the nation. Wilbarger county and Vernon have gone ahead while most communities have been standing still. As a result they will be out in the lead when normal times return.

TREES TAMED WESTERN NEBRASKA.

Trees tamed western Nebraska. They have proven beneficial to every community; and, conversely, the destruction of woodland has been followed by calamity.

The advantages of a grove to every farm home in Wilbarger county are too vivid to need discussion. Fire wood, posts, a home park which would add so much to the comfort and happiness of the wife and children, all would come. These would enhance the price of a farm, to say nothing of their effect on the county as a whole.

With a grove on every farmstead Wilbarger county would appear to the tourist or the prospective settler as a paradise. That the planting of trees on every farm would materially modify the tendency to hot winds and help stop dust storms no one can authoritatively deny.

Now is a good time to plant trees. It would be no less patriotic for community Councils of Defense or Boys and Girls Clubs than is much of their work calculated to help directly in winning the war.

Milk is one article of diet on which saving is folly says one of America's leading scientists. Cut down the allowance of bread or almost any other food, but use plenty of milk, this investigator declares. The tendency has been to regard milk as a luxury, or, at most, an accessory, but hardly as a staple diet, even for growing children after they can digest meat and bread and cookies. Heeding this scientist's advice will tend to raise "Old Bossy" in public estimation. What is far more important, it will give us

stronger boys and girls who will grow into more stalwart men and women. At least those of us who have cows would do well to study the various ways of using milk for food.

Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hal's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hal's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CHENEY & CO., Toledo, O.

White City News.

White City, Sept. 9, 1918.—(By special correspondence.)—The cotton has become dry enough to pull again and the farmers have pickers in most of the fields.

Sunday school was held at the church Sunday morning, followed by singing Sunday night.

The White City Red Cross ladies met at the school building Monday evening at 4 o'clock for instruction for making more hospital garments. Mrs. Perry White is instructor of the sewing.

Mamma! Don't You See Your Child Is Sick, Constipated

Look at Tongue! Move Poisons From Liver and Bowels at Once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Adv. 32-ft

"Oh! How I hate to get up in the morning"

Do you blame the soldier in this song for threatening the bugler that he will "amputate his reveille and step upon it heavily?" If you're human this breezy little song will strike a chord of sympathy.

"Oh! Frenchy"

—another sprightly song with clever words—all about Rosie who went to France with an ambulance and fell in love with Jean. Snatches of familiar songs of the French boulevards are recognized here and there.

Both songs are cheerily presented by Arthur Fields whose ability as a singer is paralleled by his reputation as a writer of popular songs.

TEXAS UNIVERSITY IS LEADING IN WAR SERVICE TO NATION

**Nearly \$1,500,000 Being Spent

Schools to Be Enlarged.**

Austin, Texas, Sept. 10.—(By special correspondence.)—The war activities of the University of Texas have progressed until they are now far greater than those of any other educational institution in the United States. This statement is borne out by the official records of the universities and colleges in the matter of training men for the army.

President R. E. Vinson of the University since the declaration of war has devoted his time and energy constantly toward building up a military training establishment here. Many of his ideas along these military educational lines have been adopted by the War Department and are now in practice by educational institutions over the country.

It is stated by Dr. Vinson that notwithstanding the big scope of its military schools all departments of the University will be open and conducted as usual at the coming regular session. There may be a modification of re-adjustment of some of the courses to meet existing war conditions. The constructive ideas of Dr. Vinson which paved the way to the establishment of the different military schools at the University met with the hearty support of the Board of Regents of that institution. He devised the plan by which an expenditure of nearly \$1,500,000 will have been made for buildings and equipment for these military schools, reimbursement for this expenditure to be obtained from the Federal Government by the feeding, housing and instruction of the students by the University.

Radio School to Have 4,000.

The latest addition to the military vocation schools of the University will be situated just south of Austin upon a tract of 310 acres of land, where there is now being erected an administration building, six barracks buildings and a mess hall. All of these will be of brick construction of permanent type. They will be occupied by the Radio School which the University is now conducting. Besides these buildings four hangars for airplanes will be erected. The cost of the improvements will be approximately \$450,000, it is stated. This will be borne by the University which will be reimbursed later by the Government for the outlay. The Radio School of the University was established several months ago and has been conducted in the Engineering Building of that institution. When the new plant is finished the attendance will be increased from 400 to about 4,000 and the course of training will be enlarged.

In addition to this war work, the University recently completed the construction of a number of brick barracks buildings, administration building, mess hall, shops and lecture buildings at Camp Mabry, Austin, for the accommodation of the School of Automobile Mechanics which it is conducting for the Government. These buildings are erected at a cost of about \$500,000, and plans have just been adopted for the enlargement of the School by additional buildings and equipment which

will cost about \$150,000. The attendance at the School of Automobile Mechanics is now about 3,000 and it will be increased to about 6,000 when the new buildings are finished.

Seminary Turned Into Hospital.

The University is also conducting a School of Military Aeronautics, with an attendance of about 1200, for the Government. It expended \$167,000 in buildings and equipment for that school. Advice just received from Washington is to the effect that the School of Military Aeronautics here is to be greatly enlarged. This may necessitate the erection of additional buildings by the University.

The University has also taken over the Theological Seminary at Austin and is converting it into a modern military hospital at a cost of about \$100,000. Besides its other war work, the University will conduct a Students' Army Training Corps, beginning with the opening of the coming regular session of that institution. More than 2,700 students and former students and about fifty members of the faculty of the University are in the army. Most of them are already in France. Several hundred of these young men went through officers' training camps and received commissions as officers.

Sealed Bids Wanted.

Sealed bids will be received by the Commissioners Court of Wilbarger county, at Vernon, Texas, until 10 o'clock a. m. September 20th, 1918, for \$105,000.00 Road District No. 1, Road Bonds, dated December 16th, 1917, bearing interest at 5 per cent, payable semi-annually. Bonds payable serially 1 to 30 years. Denomination \$500.00 each. "Passed by the Capital Issues Committee as not incompatible with the national interest, but without approval of legality, validity, worth, or security. Opinion No. A1567."

Bids will be filed with the County Clerk at Vernon, Texas, on or before 10 o'clock a. m. September 20th, 1918.

The Court reserves the right to reject any and all bids, and all bids require an accompanying certified check for \$10,000.00 payable to E. L. McHugh, County Judge.

LIKE AN ELECTRIC BUTTON ON TOES

**Tells Why a Corn Is So Painful and
Says Cutting Makes
Them Grow.**

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corn, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug freezone is harmless and never it flames or even irritates the surrounding skin. Adv. 18-1f

VERNON BOYS ARE AT BATTLE FRONT

**MANY LETTERS RECEIVED
SUNDAY FROM SOLDIERS WHO
HAVE GONE OVERSEAS.**

Vernon boys are at the front in France. This is the substance of information received Sunday by Charles Withers from his brother, Owen. Owen is with the Seventh United States Engineers. Campbell Hagan is also with this division. They have been at the front six weeks.

"The flares go up all the time, and big shells bursting look just like the storms we used to have at home," Owen writes. "At first it made me nervous, but now I can sleep through it all, provided I have a chance."

A mail pouch came in from overseas men Sunday, and practically every person who has a son, brother, or friend in

France received a message.

Linton Sullivan, son of C. T. Sullivan, and Leonard Smith, son of Anderson Smith, have notified their parents that they are safe overseas. These men were on a transport which had to turn back to New York recently, after being several hundred miles out to sea.

Sergeant Martin Bellar is also safe in France, according to advice received here, as is Corporal Oliver Hise, son of W. A. Hise.

Rayland News.

Rayland, Sept. 5.—(By special correspondence.)—John Waggoner of Garrison, New Mexico, is visiting his brother-in-law, W. A. Walker.

Miss Graciel Teague of Crowell is visiting her aunt, Mrs. Harry Cobb.

Mr. and Mrs. Boss Kincheloe attended church and Sunday school at Rayland Sunday morning and took dinner with Mr. and Mrs. Will Parrish.

J. B. Bradford and family took dinner with Mr. and Mrs. W. H. Foster of Parsley Hill Sunday.

Miss Sue Miller of Denton arrived

Sunday morning to teach school at Rayland. She will board with Mr. and Mrs. Will Parrish.

Jim Carter and Andy Davis left Thursday for training at Camp Travis.

T. T. Golightly and family have moved from the W. A. Walker place to G. T. Key's farm, one mile east of Rayland, to pick cotton.

Mrs. W. H. Foster and children of Parsley Hill visited Mrs. E. I. Edwards Saturday afternoon.

Grandpa Greenhouse returned home last Friday from Wheeler county, where he has been visiting some time with his sons, Will and Harry Greenhouse. He reported good rains in that part of the country.

Curt Rennels passed through Rayland Sunday en route to his home at Bowie. Mr. Rennels was in Post City last week on business. He reports the country even more drought-stricken in that section than here.

John Rennels, living three miles southwest of Rayland, is wearing the broad smile of "Grandpa," as the stork visited the home of Prof. and Mrs. Fred Rennels on August 29 and presented

them with a 7-pound son. Mother and son are both doing well.

J. L. Gobin has returned home from the Burk Burnett oil fields where he has been for the past two weeks, and has accepted a position with the Farmers Union Gin Company.

Jake Roberts returned home last week from Anderson county where he has been visiting his brother, Will Roberts, for the past six weeks. Mr. Roberts said Wilbarger looked good to him after being among the pine trees so long.

The good rain that has fallen this week will be a great benefit to the late feed and cotton. Wheat farmers are busy now preparing their wheat land.

Miss Lilla Webb spent Saturday night with her friends, Misses Mattie and Alty Neel of Talmage.

Rev. Howard Whiteside of Vernon made a very interesting talk last Friday afternoon to the young people on phrenology.

Rob Abston spent Wednesday night with his cousin, Allen French.

Mr. and Mrs. ... and sister, Mrs. L. E. Key Saturday Sunday with Mrs. Crisp's parents, Mr. and Sunday.

and Mrs. Pharis Hughes.

Rev. Siebert closed a ten-day meeting Sunday morning at the Christian Church, with nine additions.

The Baptist and Methodist union meeting began Sunday night with a good attendance. The preaching is being done by the Methodist pastor, Rev. Gattys of Margaret and Rev. W. T. Rouse of Vernon. The song service is conducted by T. T. Golightly and Tom Beazley.

Miss Minnie Foster of Parsley Hill is visiting friends in Rayland this week and attending the meeting.

Mrs. L. Lehmann and children moved to Vernon last week. E. Graf and family will move on the Lehmann place.

SON FROM NAVY IS HOME FOR RE-UNION

MEMBERS OF CARTER FAMILY
HOLD CELEBRATION 4 MILES
WEST OF ODELL.

A family re-union was held at the home of B. C. Carter, four miles west of Odell, Wednesday, Thursday and Friday, August 28, 29 and 30. Besides Mr. and Mrs. Carter, those present were Hamp Carter, wife and four children; Marvin M. Carter, wife and three children, from Elk City, Okla.; Rev. Gordon B. Carter, wife and four children, from Iowa Park; Dan Carter, wife and two children; and Ed Carter, from the United States Navy.

The re-union proved a very enjoyable affair, and was occasioned by the visit of Ed Carter, who was able to spend a few days at home while en route from New York to Freeport, Texas. He is in the United States Navy, and has been in the naval officers' training school. He will join a ship at Freeport for some additional training before returning to Pelham Island, New York, to complete his course. The course calls for four months of training, which equals the regular work of fourteen months at the Naval Academy at Annapolis.

Mr. Carter expects to be commissioned an Ensign about December 1st.

He enlisted in the Navy March 2nd, and has made a splendid record. Few men, without technical training are admitted to the naval officers' training school, but young Carter had no difficulty in qualifying for admission.

Mr. and Mrs. Carter feel justly proud of their son's record.

Plainview Meeting Closed.

The revival meeting, conducted by Rev. Gordon B. Carter, pastor of the Iowa Park Methodist church, at Plainview schoolhouse, closed August 28th. There were twenty-one conversions and twenty additions to the church membership as a result of the services.

Notice Odell People.

All persons having barrels belonging to the Wichita Valley Refining Company Odell agency are requested to return them at once to J. C. Mitchell, Odell.

Successful Meeting at Pleasant Valley.

The meeting at the Pleasant Valley school house has been closed. The interest was good throughout the ten days it was in progress. Several names were added to the church rolls.

RAIN OF MUCH HELP TO ODELL COUNTRY

BUSINESS MEN AND GINNERS
THINK WILL MEAN 500 MORE
BALES OF COTTON

Last week's rain will increase the cotton crop of the Odell country from 300 to 500 bales, according to estimates of ginnermen and business men of the North Wilbarger metropolis.

Much of the sandy land cotton was late and had not suffered a great deal for lack of moisture. It was still growing and putting on fruit when the rain came. With late frost practically all of the bolls put on now will mature.

Feed crops were likewise helped. Feedstuff in the sandy belt adjacent to Odell was planted late in most instances and was still growing before the rain. Fall gardens are being planted, and the business outlook for Odell is much improved for the fall and winter.

B. C. Carter, a well known farmer of the Odell country, authorized The Record to state that the people of that part of Wilbarger will "get by with a little surplus now." Mr. Carter has planted fall turnips, and invites his friends to "come over" and have a mess of greens.

66 BALES AT ODELL.

Ginning Interfered With by Rains
Several Days Last Week—Expect
1,800 or 2,000 Bales.

The Odell gins have turned out a total of 66 bales of cotton this season, and 54 bales have been weighed on the Odell public yard by Public Weigher W. W. Matthews.

The Starr gin has handled 49 bales and the Sutton gin, 17. The Chickasha Cotton Oil Company gin has not been started up yet. As a result of the rains last week, ginning slowed up until Saturday. Odell ginnermen estimate now that 1,800 to 2,000 bales will be brought to Odell. Before the recent rain the highest estimate was 1,500 bales.

Two Baptized at Odell Sunday.

Rev. Ansel Lynn, pastor of the Odell Methodist church, officiated at the baptism of two persons last Sunday afternoon. The service took place on Wanderers creek, at Odell.

Mr. and Mrs. Banks Bennett spent Saturday and Sunday with their uncle, J. Tol Camp west of Burkburnett. Mr. Camp is field manager for the Magnolia Oil Company.

BAPTIST MEETING CONTINUES.

Odell Congregation Is Holding Services in Methodist Church, Pending Completion of New Building.

There were three confessions of faith at the Sunday night service of the revival meeting being conducted by the Baptist Church of Odell by Rev. W. H. Wynn, pastor of the Forest Avenue Baptist Church of Dallas.

The entire series of services have been held in the Methodist church. The new house of worship being erected by the Baptist congregation is not yet complete, and probably another week will elapse before the building is entirely finished.

The meeting will close this week.

ODELL PERSONALS.

Miss Mae Crain of Elmer, Okla., is visiting Miss Hester Crain.

Mrs. L. L. Bontwell has accepted a position at the Orient depot.

A large number of Odell citizens attended the county fair in Vernon Friday and Saturday.

Mrs. G. M. Still, who has been in Oklahoma for several months for the benefit of her health, returned Sunday, greatly improved.

John Coffey and Schie Bell have gone to Clarendon to enter Clarendon College for the fall and winter term. Both young men enlisted in the students' Army training corps.

Frank Britton has gone to Lovington, New Mexico, where he has a position as rural mail carrier. Mrs. Britton and children will leave for their new home this week.

Born—To Mr. and Mrs. Spurgeon McDougal, Tuesday, September 3rd, a son. Mr. McDougal is at Camp Travis, and his wife is staying at the home of her mother, Mrs. G. F. Cook, while her husband is in the Army.

John Barnes, son of Mr. and Mrs. W. F. Barnes, living east of Odell several miles, is reported considerably improved during the last few days. He has been suffering with a severe attack of typhoid fever, and his recovery was considered doubtful a few days ago.

Mrs. J. S. Bailey and children of Dalhart are visiting her father, A. M. Works. They came home with Mr. Works and family who have recently reached Vernon from an automobile trip to Colorado Springs.

A boy was born to Mr. and Mrs. F. A. N. O'Neal Sunday morning.

A. L. Campbell of Henrietta is working in Freeman's Barber Shop, having succeeded Orville O'Brien, who has gone to Camp Travis.

Miss Thelma Smith will leave Wednesday to enter Texas Christian University at Fort Worth. Miss Smith was a student in Texas Christian University last year. She will receive an A. B. degree after this year's work.

A. Allison returned yesterday from Oklahoma, where he went to see about renting his farms for another year. Mr. Allison says he was held up at various places fifty-two hours because of high water.

Mrs. P. A. Pegues of Longview and her daughter, Mrs. H. C. Thompson of Ada, Okla., are visiting at the homes of Mrs. C. E. Basham and Mrs. Joe Napier. Mrs. Pegues is Mrs. Basham's mother, and Mrs. Thompson is Mrs. Napier's mother.

"THE HOUSE OF QUALITY"

Odell, Texas

To the People of Wilbarger County

The conditions of our county on account of the continued drouth have caused some apprehension that we would be unable to take our quota of the Fourth Liberty Loan, but we, in common with other patriotic citizens felt that our duty to the Government at this crucial period of the war demanded that a supreme effort be made to place our share of the bonds.

Under these circumstances, we feel that we have been exceedingly fortunate in securing the assistance of representatives of the California State Life Insurance Company, Messrs. F. F. Phillips, C. B. Johnson, L. C. White and W. A. Atchison, for this campaign.

These gentlemen have a plan for placing bonds with our people that will involve an outlay of a minimum of actual cash, and yet will enable our people to do what they want to do for the Government.

We commend both these gentlemen and their plan to our people. It is on a sound financial basis, and those who take advantage of it are protected in every sense of the word. It is approved by Federal Reserve Bank officials and the Insurance Department of the State of Texas.

SHOULD APPLY FOR WHEAT MONEY NOW

COUNTY AGENT ADVISED RAINS WILL INCREASE DEMAND FOR FUNDS.

Persons desiring to apply for seed wheat loans should fill out their applications at local banks immediately. This information was sent to N. R. Tisdal, county demonstrator, from the Government, yesterday. Recent rains have greatly increased the prospects for seeding wheat, and it will likewise increase the number of applications.

As soon as applications are made, county inspection committees and county agents should verify the application and forward them without delay. After September 21 applications which are not correctly made out will not be considered, and no application mailed after September 30 will be considered.

The following list of "Don'ts" were sent to Mr. Tisdal:

"Don't send any application of minors. A minor can not obtain a seed grain loan without first applying to Probate Court for the appointment of a guardian, which could not be accomplished before it is too late for sending.

"Don't send any applications of tenants without attaching thereto a landlord waiver of his first lien, or else indicating the tenant's undivided interest and modifying the amount applied for accordingly. A tenant can apply in his own right for a loan of \$2 per acre if he has an undivided two-thirds interest in the crop, or \$2.25 if he has a three-fourths undivided interest.

"Don't send applications which show considerable unincumbered property, without listing unsecured personal debts or otherwise explaining why the unincumbered property can not be used to obtain a loan.

"Don't send applications which fail

to show the acreage planted and the yields of crops in 1917 and 1918 as evidence of two successive crop failures. This includes cotton, corn, or other staple crops.

"Don't send applications which fail to describe accurately the location of the land upon which the seed is to be shown."

The Voices of the Orchestra

The myriad, melodious voices of the wonderfully modern orchestra yield the greatest witchery in music. The soft smoothness of the violins—the soulful cellos—the whining saxophones—the agile, dancing clarinets and flutes—the noble majesty of the French horns—the comical buffoonery of the oboes and bassoons—the martial fire of the trombones—the full-throated double-basses, and the cymbals, triangles and drums—all these and many others have their message for you in the modern orchestra.

In marvelous reality you can hear and recognize each of their voices in the composite voice of
